

Career Focus

RETAIL TEAM MEMBER

Here's Stephanie Hogan. She is part of our retail team, making sure people go home with the right products for their animals.

The SPCA in Auckland employs about 60 full-time staff and is supported by volunteers who kindly donate their time to help our animals.

Retail Team Member

Steph's tip for the job...

Love anything to do with animals, be both people and animal focused. Know your products and have thousands of tips for problems people present you with. Get involved in fostering animals to have a broader experience base.

Qualifications

Steph has a Bachelors degree majoring in Anthropology and various certificates in environmental management, small business management and horticulture. She's worked in vet clinics on reception and in the cattery for a couple of years before coming to the SPCA.

The Job and Where to Work

Adopting out animals and giving re-homing and product advice to people. I enter adoptions into our system as well as order toys, food and other products for the shop. Mostly I am the happy friendly face that greets and assists our visitors to the SPCA adoption areas.

Places to work are animal related industries that deal with public, any retail or customer care roles.

The Best Part

A perfect match – the animal and human bonding process, that's magic!

The Worst Part

Matches that just don't work and You just can't explain to the person it's not a good idea, then the animal comes back as it hasn't worked out.
